History: This message has been forwarded.

I am sorry to hear that, please take good care of yourself, and realize that nothing is more important than your health

Given this and your past note, I think it wise to review all your medical options regardless of work loads

I am happy to assist you in anyway

Let me know how it goes with the doctor and if there are any follow up medical needs, we can then figure out a plan

Take good care
Brandon Rowell

Subject: My knees

Jeff,

I hope you are having a wonderful weekend.

I've had more and more problems with my knees lately.

I literally had to crawl up the stairs to get to my room the other night.

I plan on going to the doctor on Monday to check them out again, do you have any issues with me working from home and calling in for the morning meeting?
