Hi Brandon,

My name is ██████████ and I started covering some of Akron/Canton back in September. I wanted to tell you, that you are one popular guy up here! A lot of brokers always say how much they liked you and always ask me about how you are doing. I tell people that you are doing well in Atlanta, you are still with Met working on groups 500 lives and above. Do you have any other updates you would like me to tell all of your fans up here in NEO?
